

Defend the Whittington Hospital Coalition

STOP THE CLOSURE OF THE A and E DEPARTMENT

We are appalled by the proposals to close the Accident and Emergency Department at the Whittington Hospital. This is part of a wider attack on hospitals and other health services in North London.

We are opposed to the rundown, closure or privatisation of A&E and any other key services at the Whittington, or at any other North London hospital.

**We pledge support to a united campaign to oppose
the run down of the Whittington Hospital**
